Sharon,

Here's one more paper I meant to send you. [REDACTED]

[REDACTED] his paper was presented at the 2010 International Water Conference.

2010 IWC Proceedings_Greywater Treatment for IGCC.pdf

Subject: Additional information for PSNH Merrimack BAT determination

Sharon,

Here's some more information for the Merrimack BAT determination. These are papers from the 2009 and 2010 International Water Conference, presenting information about the ABMet biological treatment system

- Paper about operation of the biological treatment systems designed for Se removal. [REDACTED]

[attachment "2010 IWC Proceedings_ABMet Setting the Standard for Selenium Removal.pdf" deleted by Ronald Jordan/DC/USEPA/US]

- Two papers about low temperature evaporation/crystallization of FGD wastewater (this is the system that does not require pre-softening of the wastewater).

[attachment "2010 IWC Proceedings_Low Temperature Crystallization.pdf" deleted by Ronald Jordan/DC/USEPA/US]

[attachment "IWC Proceedings 09_Low Temperature ZLD Process.pdf" deleted by Ronald Jordan/DC/USEPA/US]

- In case you need it to help with citations, here are cover pages from the proceedings:
